Tell us about your Youth Prevention Project. This application should be specific to each team’s project rather than the organization. Please answer the questions below regarding your team’s project.

Prevention Topics:

- Underage Drinking
- Marijuana Prevention
- Suicide Prevention & Mental Health Promotion
- General Prevention Science
- Prescription & Opioid Misuse Prevention
- Tobacco/Vaping Prevention
- Problem Gambling Prevention

Project

- Project Title
- Please explain if your team implemented an evidence-based prevention strategy or program. (100 words or less)

The committee will score your application according to your responses to the following questions and will also include a score for “professionalism and presentation style” using the information. This will be based on your ability to provide answers in a clear and legible format with accurate, concise, complete, and descriptive information.

- Project description (150 words or less)
- Project goal (100 words or less)
- Describe how youth team’s project was developed with your community and/or school needs in mind, including time spent in the planning phase (100 words or less).
- Describe your project implementation timeline, from the planning phase to completion (100 words or less).

Please describe how your project meets the following criteria: **Innovation, Sustainability, Impact, Collaboration and Partnerships.**

- **Sustainability:** How did your youth team build sustainability into the project; did you build community support, greater implementation capacity, or ensure effective delivery of your program so that it could be repeated or replicated year-to-year? (100 words or less).
- **Innovation:** How is your prevention project unique, creative, and innovative? (100 words or less)
- **Impact:** How do you know if your project made an impact within your intended audience? (100 words or less).
- **Collaboration and Partnerships:** Explain how your team collaborated or partnered with other local groups, organizations, and agencies to meet your project goals? (100 words or less).
